RUPTURE WITH HUNS: THREAT OF ALLIES

Government Prophecies Early Termination of R. R. Strike —Sonora Troops Capture Several New Towns—Yokohama Workers on Strike—Eastern Newspapers Cut Down—Heavy Fighting in Syria.

PARIS, April 1 —France, Great Britain, Italy and Belgium have agreed unanimously to notify Germany that they will break off diplomatic relations unless immediate and complete disarmament is carried out as provided by the treaty of Versailles, it was learned today.

The allies will threaten renewal of the food blockade in event any insurrectionary government in Germany refuses to recognize and carry out the treaty.

END OF R. R. STRIKE COMING SOON, REPORT

CHICAGO, April 16.—Speedy disintegration of unauthorized railroad strikes in the Central and Far West was forecast today with a serious blow struck by the government at the insurgents' stronghold in Chicago by the arrest of twenty-five strike leaders.

STEVEDORES IN JAPAN OUT ON STRIKE

SEATTLE, April 16.—A cablegram from its Yokohama agent to the Pacific Steamship Company today contained information that Yokohama harbor is tied up by a strike of stevedores affecting vessels of all lines, estimated to number from 75 to 100. All ships are idle, tht message stated.

EASTERN NEWSPAPERS REDUCING IN SIZE

CINCINNATI, O., April 16.—Announcement is made by the Cincinnati afternoon newspapers that owing to the shortage of newsprint paper, editions will be limited to eight pages until the situation is relieved.

SONORA TROOPS ARE WINNERS IN CAMPAIGN

AGUA PRIETA, Sonora, Mex., April 16.—Four towns in Sinaloa have fallen before the invading Sonora state troops, according to a report to divisional headquarters here today from General Flores, commanding the invading column.

Troops of Sonora, stationed at Cananea, numbering 800, have been ordered to proceed at once to defend this port, according to Gen-

VITCIMS OF OUIJA ARE GIVEN LIBERTY

According to information received here, Mrs. Bottini and Mrs. Soldavina, who were committed to the state hospital at Napa some weeks ago as a result of their actions in connection with ouija board seances in El Cerrito, have been released from the state institution.

Liberty Yeomen To Give Entertainment

An unusually pretty and novel affair was the concession made by all who attended the rainbow dance given by Miramar Chapter, O. E. S., at the Ballenger-Narbett hall last night. The hall was beautifully decorated with rainbow streamers and with the great number of pretty ballroom dresses displayed by the fairer dancers, the dance was a superbly colorful affair.

The largest aggregation of dancers ever assembled in the hall were present. Esola's orchestra furnished the music fo rthe evening. Punhh in great quantity was served to the thirsty.

Ed Burg is now installed permanently in the Burg Bros. offices at Twenty-third and Macdonald, and looks as large as life and twice as natural. This is their main office now, the same having been moved over from San Francisco, and many new improvements are being made in the way of private offices, ladies' rest room, writing room, etc. And we are all glad of it.

* * *

The Richmond Co. also has its main offices here now, and Mero hasn't got half as much room as he had before, with all the offices, desks, workers, etc. Looks good to see the main offices coming to Richmond, and we would like to see all the big tract owners follow suit.

WOULD FORCE CARNIVALS FROM CITY

Chamber of Commerce Makes Move to Eliminate Undesirable Amusements — Steps Taken to Curb Parking of Commercial Vehicles on Avenue—Plans to Be Made for Big Fourth of July Celebration.

Action which will tend toward the exclusion of tent shows, carnivals and like traveling "catch penny" affairs, was taken by the Chamber of Commerce last night when a committee was appointed to confer with the city council on the question of passing an ordinance which will set such a high license fee as to make it impossible for these cheap and undesirable amusements to show in the city.

This action comes as a result of the complaint which has been made by many to the effect that the carnivals and cheap tent shows are causing legitimate enterprises, which are contributing their rightful share of taxes, to suffer, while the traveling outfits are let off with a very low expenditure. The complaint has been by no means one-sided, practically all of the business men in the town agreeing that the transients are a nuisance and a detriment to the city in all ways. It is stated that many of them are not fairly conducted and in many cases are little but masked gambling enterprises. A further complaint was made that some of them are conducted with little precaution in the way of sanitation.

Committee Appointed

The committee appointed to present the matter to the city council next Monday night consists of Louis Garfinkle, Rev. A. M. Bahnsen, O. R. Ludewig, H. O. Watson and W. G. Casey.

The matter of curbing the parking of trucks and all vehicles used for delivery or other like commercial purposes, whether horse drawn or power vehicles, along Macdonald avenue, was also brought up and the complaint committee was instructed to take the case before the city council. Several plans for the abatement of the difficulty were suggested, one of them being a proposal for the passage of an ordinance requiring that vehicles be parked parallel to the curb and not more than six inches from it. This plan was highly favored, as it is thought that the adoption of such a restriction would very soon eliminate the parking nuisance along the avenue, as it would make it very difficult for trucks to navigate on a crowded thoroughfare.

Celebration July 4th

It was decided that a big celebration will be held on July 4th. The exact nature of the event has not yet been decided, the matter having been turned over to the entertainment committee which will get to work on the affair at once.

A new member for the board of directors is to be selected from the Central Labor Council, following an announcement last night that Fred Heckman, who was elected on the board from that body, will be unable to fulfill his duties as a director because of the large amount of work he has to take care of for the labor bodies. Rev. A. M. Bahnsen was appointed to fill Mr. Heckman's place on the entertainment committee.

MICKIE SAYS

SHERIFF VEALE TRIALS SLAYER OF WOMEN

In the hope of being able to link Richard Huirt, alias Watson, alleged husband of at least twenty-five wives, with the murder of the woman whose body was found last December in Franklin canyon near Martines, Sheriff R. R. Veale has departed for Los Angeles, where the suspect is under arrest.

The theory upon which Veale and the Los Angeles and Seattle police are working, is that the two men have been that of Mrs. Alice M. Ludvigson of Seattle, who is alleged to have married Huirt and then disappeared soon after arriving in San Francisco. The body has been exposed for a long time when found but some of the teeth and scraps of clothing offer possible means of identification.

Rainbow Dance Is Riot Of Gay Colors

Many young folks and older ones, too, tripped the light fantastic toe to the merry strains rendered by Jack Crow's orchestra at the dance given by the Liberty Yeomen in Moose hall last evening. One of the best crowds of the season was in attendance. Arrangements for the dance were made by a committee consisting of W. L. Lane, Louis Deusy and George Kitchen.

The lodge is preparing for a big invitational affair to be given next Friday night. A program and food is planned, after which the evening will be given over to dancing. A committee, consisting of Vivian LaSelle and James Hoffe, is making the arrangements for the entertainment.

E. Kemble has just purchased a new Chandler car which he is putting into service as a taxi. "Tex" Brown, the well known clerk at McDevitt's cigar store, was the first one to hire the new machine.

COUNTRY CLUB PREPARING BIG PLANS

Meeting in May Will Determine Details as to Golf Links, Large Country Clubhouse, Improvement of the Grounds, Etc.—Land Lies Between Richmond and Berkeley and Overlooks Bay.

A meeting of the members of the Berkeley Country Club will be held, about the middle of May for the purpose of consulting on plans for the immediate development of the club's property on the hills between Berkeley and Richmond, overlooking the bay of San Francisco.

The site for the golf course has been inspected by a number of experts and veteran players and has been declared first class in every particular. All of these, including several professionals, emphasize the "sport" element of the links. There is one hole in particular, near the edge of Wildcat canyon, which when completed probably will be dubbed "Death or Glory," as it will present difficulties not easily overcome, yet an amateur may negotiate it by indulging in an extra stroke. The western lines of the links skirt the highlands that overlook the city of Richmond. The site that has been chosen for the clubhouse may be reached by turning east from the point where Cutting Boulevard joins San Pablo avenue.

The directors of the Berkeley Country Club include men prominent in business and professional life in Berkeley, Oakland and Richmond, and their experience gives assurance of effective management. They are: E. G. Athearn, J. F. Brooks, William Cavalier, E. M. Downer, A. F. Hochenbeamer, Robert Hunter, James B. Keister, E. F. Louideck, W. J. Mortimer, Frank E. Naylor, C. C. Newkirk, Vernon Porter Pack. All of these men are devoting their time and energy to the affairs of the club and are most enthusiastic believers in its success.

At the meeting of members in May there will be a showing of the things accomplished and an outline of things to be done will be suggested. Among the matters to be presented will be a contour map by J. H. L'Hormedieu of the tract of 165 acres, a sketch showing proposed clubhouse and the possibilities for landscape gardening about the clubhouse, plans of golf course originally suggested by Robert Hunter, with amendments by William Watson, the professional golf architect, acknowledged to be one of the leading men of the world in that profession; map of the water system, estimate of cost, statement on budget, golf committee report, soil map by Professor C. F. Shaw of the University of California, by-laws and other printed descriptive matter. Robert Hunter, Frank L. Naylor and W. J. Mortimer have been appointed to act as a committee to arrange for the meeting, to which members may invite thtir friends who are interested in outdoor life and amusement.

The judge looked over at the prisoner and said:

"You are privileged to challenge any member of the jury now being impaneled."

Absent Minded

The Chinese must be the most absent minded people in the world. They invented more things than any other race of people—and then went and forgot them. A few inventions claimed as originally Chinese are: Gunpowder, the telephone, stilts, coal, paper money, cards, dominoes, chop suey, Chinese restaurants, rats, birds' nest soup and long finger nails.

OAKLAND SPEEDERS PUT IN CHAIN GANG

OAKLAND, April 16.—Several times recently chain gang service has been promised auto law violators. Today two of them got it. Jailed for speeding through the city, Harry A. Gilmer and Howard E. Sargent, taxicab drivers, were sent out in the chain gang for three and two days, respectively, by Chief of Police Frank Lynch, following their sentence this morning by Police Judge George Samuels.

Gilmer was arrested March 16 at Twenty-first and Brush streets after he had collided with a car driven by Herman Peterson. Sargent was arrested near the Sixteenth street depot by Policeman Hurd and was sentenced to two days in jail.

INJUNCTION ISSUED AGAINST WATER CO.

A mandatory injunction against the East Bay Water Company sought by the Mintzer Estate Company to prevent laying of water mains across its property in Richmond, was issued yesterday by Superior Judge R. H. Latimer.

Issuance of the injunction was not opposed by the water company. Trial of tht suit has not been set.

EL CERRITO TRUSTEE RESIGNS

Kirk Gray, El Cerrito trustee, handed in his resignation from the board of trustees Thursday night. The resignation was accepted and the place will be filled at the next meeting of the board.

Al Schrader went out in the wilds somewhere to the north and got near to nature, and got too near, because he came back swelled up like a militia lieutenant, with poison oak. He isn't a pribe beauty any old time, and this did not improve it a bit.

A DAM ACROSS STRAITS IS SOUGHT

Farmers Would Restrain Salt Water Which Spoils Their Crops—Burglary Charged to 19-Year-Old Boy—Martinez Organizes Auxiliary Legion Post—Other News of the County.

ANTIOCH, April 16.—Construction of a mammoth restraining dam across Carquinez Straits from Bullshead Point, near Martinez, to Army Point, Solano County, to prevent salt water from encroaching on rich agricultural lands in this district is being suggested by farmers and its promotion is being seriously considered. The Southern Pacific Railroad is said to favor the project as it may afford a means of their escaping maintenance of their expensive ferry service between Port Costa and Benicia.

Each year, particularly in dry seasons, such as is being experienced now, Sacramento Valley farmers take so much water for irrigation that salt water backs up in the liwer stretches of the Sacramento river and prevents ranchers in this district from securing fresh water for irrigation.

With the restraining dam, equipped with locks, it is pointed out sufficient fresh water could be impounded to insure an adequate supply at all times.

WOMEN'S AUXILIARY

MARTINEZ, April 16.—Organization of a woman's auxiliary to Henry A. McNamara Post of the American Legion was perfected last night with the election of permanent officers and application to national headquarters for a charter. Mrs. J. J. Anderson was elected president; Mrs. E. A. Severson vice-president; Mrs. A. F. Bray, secretary; Mrs. David Bush, treasurer. The executive committee is composed of Mrs. F. W. Mathewson, Mrs. A. J. McMahon and Miss Mae McNamara.

Twenty new members were added to the post, bringing the membership to sixty. Only the wives, mothers, sisters and daughters of ex-service men are eligible to join the organization.

BOY CHARGED WITH BURGLARY

MARTINEZ, April 16.—Oscar Eastlin, aged 19, was brought here from Oakland today and lodged in the county jail by Under Sheriff Veale on a charge of burglarizing several rooms in a rooming house at Giant. Eastlin was taken into custody at Oakland yesterday afternoon.

LEAGUE OF NATIONS KILLED

We may be mistaken, and hope we are, but the more we read the dispatches and and study over the situation the less we believe that any league of nations amounting to a hill of beans is going to materialize out of the peace conference now going on in France.

The above is part of an editorial published in The News under date of April 5, 1919, over a year ago, and is republished just to show the reader that The News generally dopes things out pretty nearly correct. As far as we know this was the only paper on earth at that time that took any such view. The press of the whole world was resounding with great praise of the peace conference, and assuring everybody that war would soon be a thing of the past and a forgotten art.

The News thought differently, as stated above, and it now turns out that The News was right and tens of thousands of other papers guessed wrong. We had no faith in those foreign diplomats, and have no faith in them today. They are a bad bunch all the way through, controlled by the most vicious elements of the money power. They lied to and deceived President Wilson, who is an honest and honorable man with high ideals, and thought others were. He lacked worldly experience and did not rightly judge either politicians or human nature.

Later on he got up against the vicious element of the money power in this country, as reflected by its many puppets in the United States Senate, and they finished the job of tearing the league covenant to pieces to a fare-you-well, completing what their co-conspirators in London so ably commenced.

The league is dead—stabbed in the back by the descendants of those who crucified Christ.

The Ohio State Journal says the two parties are fighting, but are not very far apart. You can locate them in the vicinity of the offices, where the fighting is the fiercest.

While the politicians of the booze state of the East, and especially among the Democratic party, are stirring up a whole lot of dust on the whisky question, with the threat of nominating an anti-prohibition candidate for president and putting an anti-prohibition plak in the party platform, it is our private opinion, publicly expressed, that they won't get to first base on the proposition. Neither party is ready to risk its life on an out of date issue like that.

AMBITION NECESSARY

Ambition is laudable, for it does make us realize how rocky some of the roads are and how sharp are the thorns in the crown that presses down upon our brows. Ambition spurs us like we were buckin' broncs and makes us break the commandment that says we shall not covet our neighbor's wife, or his ox, or ass, or other things, but without it we would be a lot of Bolshevik dreamers reaching for the bags of gold at the ends of the rainbow and bellowing our fool heads off for an equal distribution of everything, including wives, and oxen and asses.

THINKOGRAPHS

"Go! Leave me, false Aquila!
I'm not your clinging vine.
Lips that touch sarsaparilla
Shall never more touch mine!"

You must "breathe deep," and you can't do it if you talk all the time.

One trouble with remorse is that it so seldom gets in its work until one is found out.

Another way to get one's mind in a proper relation toward God, is to get to church promptly and not think about the way the fish are biting.

That kissless courtship, now being advocated, might be all right for old folks; just how old, this old codger isn't old enough to say.

We now have the seedless orange, the stringless bean, the eatless potato and will soon have the smell-less onion if the prices keep going up.

A scientist says earthquakes are caused by radio energy. There is a lot of radio energy in bottles that kicks up trouble, also.

Speaking of the United States Shipping Board, and some other boards, bureaus, commissions and councils, isn't it about time for some of the unnecessary, injurious and vicious barnacles fastened by the war on our Ship of State to be dumped?

One thing it is difficult for some men to comprehend is, it is almost impossible for one to successfully administer a rollertop desk job with ox-team mental equipment.

As a rule price is not now based on cost, but upon the amount of money the average gouger thinks you will part with before giving up your fried liver or strawberry shortcake.

So long as eggs, butter, bacon, calico and shoe leather command the present price levels, then we think a woman teacher who gets less than $1500 a year is being buncoed by old vox populi.

Because women are beginning to smoke to an alarming extent we are threatened with a campaign for the prohibition of tobacco. Let'er come! It took more than half a century to do away with booze and if we're alive fifty years from now we won't have breath enough left for smoking, so our esteemed withers are unwrung and the galled jades of the next generation may wince as they please.

Miss Young Scores Big Hit In Trilby

Four of the best known screen and stage stars, thirty principals and a supporting cast of more than a hundred, are seen in the screen version of the famous story "Trilby," a Republic release which is to be shown at the Richmond theater today. Clara Kimball Young, Wilton Lackaye, Chester Barnett and Paul McAllister are the featured players in this famous drama. The screen version was directed by Maurice Tourneur, one of the foremost directors of the screen.

The faoous story, "Trilby" was first put on the stage in London in 1895 and Wilton Lackaye had the original role of the character "Svengali." Now that the drama has been given a screen version all the bigger scenes are included and every dramatic point of the entire story has been brought out to the fullest extent. This production ranks as one of the greatest screen triumphs of years, and Miss Young who has many successes to her credit, is seen in the most dramatic role of her career.

MANY TICKETS SOLD FOR T. A. DANCE

Returning from their first day's canvass of the Standard Oil Company's office with large ticket sales to their credit, the women's committee which is selling tickets for the Parent-Teachers' May day dance are highly elated over the outlook for a very successful drive for the milk fund which the association is maintaining. Another canvass of the plant will be made in the future and the women expect that even better success will attend this next drive. They are highly pleased with the treatment accorded them by the employees and officials at the Standard Oil plant.

The committee which conducted the canvass yesterday consisted of Mesdames J. T. Narbett, chairman; A. M. Nelson, C. Barber, C. Green, R. H. Cunningham, Clara Wilson, Billy Brown, A. B. Ledgerwood and Miss Inez Byrn.

The Parent-Teachers' Association is very desirous of enlisting the aid of every parent in Richmond in the milk fund carpaign, as the matter is one which should be of interest to all those who have children. Up to date the work has been carried on by a few who have had to bear all the burden and the members of the organization are trying to get many more to join and aid in the work.

"Toe magic" for the occasion will be furnished by Jack Crow's jazz orchestra.

The News is printing 5000 large bills for the shoe department of the Big Store, and we advise anyone wanting shoes to get one of those dodgers and read the prices. They are selling off some very nice lines of shoes at less than first wholesale cost, because some of them are broken lines and they want to close them out. They offer some mighty interesting bargains, all right.

A third party told us last evening that one citizen had said the writings, policies, blunt straightforwardness and doctrines of the editor of The News reminded him of Abraham Lincoln. That was a very nice compliment and we'll try to live up to it. It will be remembered, though, that Lincoln was maligned most bitterly, and finally assassinated.

BIG SALE AT THE BIG STORE

On the this page of this issue appears an advertisement for The Big Store which it will profit every reader to consider. The goods listed are all being sold at greatly reduced prices; prices which cannot be duplicated anywhere. Mr. Marcus is giving the people of Richmond an example of the saving that they may make when patronizing a home firm, and it will be well for everyone to investigate this big sale before going to the expense of a trip to San Francisco or Oakland to pay more for goods which very often are not nearly so good.

ALBERS CARRIES CASE TO U. S. HIGH COURT

PORTLAND, Ore., April 16.—As a final resort in the defense of Henry Albers, wealthy Portland miller, sentenced in the federal court here over a year ago to pay a fine of $10,000 and serve three years at McNeil's Island for alleged violation of the espionage act, attorneys for Albers have filed a petition for a writ of certiorari to take the case before the supreme court of the United States for review of the record. If the petition is denied Albers must serve the sentence.

Speakers Against Oriental Ownerships

Alexander Sheriff, district governor of the Rotary clubs in this section of the country, made the address of presentation before the Rotary Club of Richmond last night on the occasion of the presentation of the charter to the newly organized club. Mr. Sheriff is a very brilliant speaker and in his presentation address gave a very interesting discussion on various subjects that are before the public today.

Would Ban Orientals

One of the subjects which the speaker stressed was the problem today confronting the people of this country with regard to the ownership of land here by Orientals. His belief in the matter coincides with that of most American citizens—that Oriental ownership of land should be prohibited. But he went further than this, even, and stated that, in his opinion, no alien who does not intend to become a citizen of this country should be permitted to own land here.

He then went on to a discussion of the basic principles of the Rotarian code, observance of the Golden Rule, the ambition to serve one's community and nation, and the desire for the formation of higher standards of ethics. In outlining the aims of the Rotary clubs, he stated that one of their foremost endeavors is the line of improvement in public educational work.

Brooks Accepts Charter

The speech of acceptance was made by Joseph Brooks, president of the local Rotary Club, who proved himself to be a very able and witty after dinner speaker. During the course of the evening several witty toasts by different members of the local organization were made. Speeches from the presidents of the San Francisco and Oakland Rotary clubs were enjoyed.

Several prominent members of the Rotary clubs of San Francisco, Oakland, Berkeley and San Jose were present at the presentattion ceremonies last night.

Mrs. Marie Ripley heads a committee which has charge of the arrangements for the big dance to be given April 24 by Lilmah drill team of the Royal Neighbors. All preparations for the affair are coming fine according to the report of the committee.
